

question	answer	page
Who is the author of 'Alien in my Pocket'?	Nate Ball	cover
What disease did Zack McGee think he might have?	Narcolepsy - falling asleep suddenly, in the middle of doing something	3
What quiz did Zack McGee fall asleep during?	His first science quiz of the new school year	3
What did both Zack's parents do for a living?	scientists	4
What grade was Zack McGee in?	fourth	4
Who was Zack's best friend?	Olivia	4
What could Olivia do from her room to Zacks'?	Fire a marshmallow with her marshmallow bazooka and hit him in the face	4
What did Zack McGee think Amp's spaceship was, at first when he saw it in the sky?	A shooting star	4
What three wishes did Zack make on Amp's spaceship when he thought it was a shooting star?	1) Fionally make the travel baseball team 2) get better grades, 3) avoid detention	
What did Amp's space ship look like?	a shiny, metal football with little wings near one of the points	7
What did Amp look like?	A little blue person	11
What planet was Amp from?	Erde	11
What was Amp's job?	He was a scout	11
What laws did Amp refer to when he told Zack he was his prisoner?	The laws of Interplanetary Domination	11
What kind of animal did Amp sound	A furious squirrel	11
What did it feel like when Amp shot Zack in the nose with his remote control?	Static electricity	11
What did Amp's hands look like?	a thumb and two chubby fingers	13

What kind of animal did Amp feel like?	a hamster	13
What did Amp do to Zack's finger?	He bit it	13
Which of Zack's brother's toys did he trip over when he ran out of his bedroom?	A robot	17
How did Zack use his brother's robot to get to the back door of his house at night?	He used its headlights	17
What kind of barbecue did the McGee's have?	An old fashioned charcoal burning one	18
What did the McGee's barbecue crash into when Zack tripped over it?	The bird bath	18
What was the McGee's dog's name?	Smokey	18
What was the McGee's cat's name?	Jinxy	21
How did Zack feel about cats?	He didn't like them.	21
What was the only thing Amp wore?	A belt with compartments	23
Why didn't Erdians need clothing?	They were an advanced civilization and could regulate their body temperature without clothes	24
What council note did Amp write about humans wearing clothing?	Humans are warm blooded and have constant body temperature, but insist on wearing clothes.	24
Who was the Erde Council?	The planet Erde's supreme leaders	24
What had Amp and the other Erdians planned on doing to Earth?	Invading it	28
Why did Amp decide that invading Earth would not work?	The humans were too big	28
Why did Amp have to hurry and get back to Erde?	To call off the attack on Eaeth	28
What did Amp need Zack's help doing so he could return to Erde?	Fixing his space ship	30
Why was it so cold in Zack's bedroom?	He forgot to close his window	32

What pictures did Zack have on his underwear?	baseballs, bats, and gloves	33
What did Olivia call underwear?	unmentionables	33
How could Olivia see into Zack's bedroom?	With a periscope she made last summer	33
What did she think Amp was when she first saw him?	A smurf	33
What was Zack's little brother's	Taylor	40
What did Taylor invent that he used on his Pop-Tart?	an electric fork	40
What did Taylor see Zack doing on his science book?	sleeping and drooling	40
What kind of juice did Zack drink at breakfast?	mango-orange-pineapple	40
What would happen if adults found out about Amp?	Take him away and do experiments on him in a secret lab	40
How old was Zack?	ten	40
Who was Miss Sturney?	The school secretary	42
What did Max Myers do in sports?	Pitcher for the travel baseball team	45
What baseball position did Zack play?	catcher	45
What did Max Myers call Zack instead of 'McGee'?	McGeek	46
What grade was Taylor in?	first	46
What did Max Myers tell Zack he had to call him?	Mr. Max	46
What did Max say about the back seat of the bus?	He got it all to himself	46
What did Max suddenly say on the bus to Zack?	I love you like a brother. I want you to be my BFF!	46
What did Max try to give to Zack on the bus?	his lunch money -- two dollars	46
What did Max smell on the bus?	roses	47

What did Max yell when he was on his hands and knees on the bus?	Scratch!!	47
Why wouldn't Amp tell Zack what a ploog was?	He said he wasn't old enough	50
How old was Amp?	412 years old	50
Why did Amp laugh about the poster of the periodic table in the science lab?	It was missing over half of the elements	51
How many elements have Earthlings identified?	118 elements	52
How have humans organized the elements?	By atomic number	52
What always scared Amp at Zack's school?	The bell	52
What was the name of Reed School's principal?	Principal Luntz	52
What is density?	The ratio of mass to volume - a measurement of compactness.	53
What could Amp do to human's brains?	Send a pulse - an impulse - that made them do something. He controlled them for a few seconds.	53
What is an impulse?	A strong, sudden urge to do something	53
What did Amp make Zack taste when he demonstrated his mind control	sour milk	55
What two things did Amp need to get from Zack's school to fix his	strong magnets and tungsten	55
What is tungsten's atomic number?	74	55
What is atomic number?	How many protons are in the nucleus of an element	55
What letter is in the box on the periodic table for tungsten?	W	55

What are the characteristics of tungsten?	A very dense metal, extremely high melting point (the 2nd highest of the elements)	55
Which of Earth's elements has the highest melting point?	carbon	55
What was Zack's Rule #1?	If you ever have an alien, do not bring it to school.	60
What did Amp make Zack's social studies teacher, Miss Martin, smell?	vanilla	60
What chapter was Zack's class reading in social studies?	seventeen	60
What did Miss Martin say about Zack in front of the class?	He was the school's most handsome young man	61
What did Emioly Binkbarton say about Zack?	He's as cute as peaches	61
How did Davey Swope say Zack's face made him feel?	safe and relaxed	61
What did Lexie Evans say she wanted to do?	Run her fingers through Zack's hair	61
What was Zack's uncle's name?	Herb	68
What can it mean when someone is 'blue'?	They feel sad	68
What is somnambulism?	sleep walking	79
What was Principal Luntz's first name?	Bob	82
What did Principal Luntz ask Miss Sturney for?	A banana split with sprinkles on top	82
Who did Olivia say she was going to call if Zack didn't tell her what was going on?	The FBI	84
What fell on top of Olivia in the supply closet?	toilet paper	87

What movie about an alien invasion did Olivia watch with her grandpa?	War of the Worlds	88
How did the aliens in War of the Worlds die?	From bacteria	89
What was Olivia afraid Amp may have brought to Earth with him?	germs, viruses, or mold	89
How did Amp define 'germs'?	microorganisms - small living things - that can make humans sick	89
At what time did Amp say he needed to get back to Erde?	4:40 PM	91
What part of Amp's spaceship needed to be replaced?	The launch system	91
What did Amp need to activate once he got his spaceship away from Earth?	The secondary thrusters	93
Why did Amp want the tungsten?	To make his voyage through space less dangerous - to protect him from the heat	95
What did Amp ask Zack and Olivia about their hands?	What they did with the extra fingers	96
Who was Mr. Hoog?	The school custodian	97
What elements were the strong magnet Amp wanted made from?	neodymium, iron, and boron	97
How big were the neodymium magnets in the school science lab?	As big as Amp's hand	98
For how long did Amp need to borrow one neodymium magnet?	20 minutes	98
What was the plastic tub labeled that held the neodymium magnets?	magnets, batteries, marbles, & dominoes	101
Who had a party in the science lab?	The robot club (including Taylor, Zack's brother)	101
What did Olivia get covered with in the science lab?	grape soda	102

Who was Skip?	The skeleton in the science lab	102
What type of rocket did Olivia and Zack base their launcher design?	The booster rocket for the space shuttle	107
What ran along the back of the school, outside the fence?	A dry creek	107
What does 'propulsion' mean?	Creating enough force to cause movement	111
What is 'gravity'?	The Earth force that holds things to the ground	111
What did Amp want someone to take care of at home in case he didn't make it back to Erde?	Water his plants at home	111
What did Zack and Olivia use to pump air into the bottle for the launcher?	A basketball pump	113
Zack knew that science was all about _____ and _____.	trial and error	116
What did Olivia use to pound down stakes into the grass to build a launch pad?	a croquet mallet	120
What did Zack make from an old shoebox?	cardboard fins for the rocket	120
Where did Zack find a brick for the launch pad?	Near his mom's rose bushes	121
How full did Zack and Olivia fill the bottle to launch Amp's rocket?	one third	121
What did Zack use to protect his face during the launch?	a snorkeling mask	123
How far away on the grass did Amp's ship land after the first launch?	50 feet	127
Why did Amp have more time to get back to Erde than he originally	A day on Earth is much shorter than a day on Erde	129

How many days did Amp really have to get back to Erde?	119 days	129
Why did Taylor think the world was upside down?	Zack knew something the rest of the family didn't know?	133
What was Zack's mom afraid of him bringing into the house?	anything radioactive	135
What size bottle do you need to launch a bottle rocket?	2 liters	137
What do you have to stick into a stopper to launch a bottle?	an inflation needle (hollow)	137
